

Why WMT?

For 25 years, WMT has been a proven cutting tool, part fabrication and machining source. We offer:

- **ISO Certified since 1996**
- **Large in-house materials inventory**
- **Expedited delivery in 2 weeks**
- **Less than 1% customer return rate over the past 11 years.**

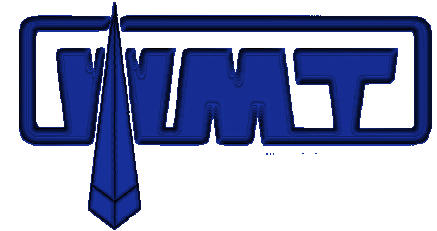

WMT is proud to belong to the Michigan Coast to Coast Tool & Die Collaborative formed in 2007. The collaborative allows WMT to pull resources from 15 other companies to better serve your machining & fabrication needs.

Plastic Parts

WMT has over ten years experience and the equipment to machine a variety of plastic materials. Whether you need one piece or one thousand, WMT is your dependable source for quality plastic parts.

Aluminum Parts

WMT has over twelve years experience and specializes in machining aluminum in a variety of shapes and sizes. We have developed long-term relationships with many aluminum suppliers to ensure that you receive the best price and delivery for your part.

Steel Parts

WMT is celebrating its 25th anniversary this year and, since our inception, have a long history of machining many grades of alloy steel, carbon steel, stainless steel and high speed steel. We stock many of those grades in-house to help expedite your delivery. Our in-house black oxide system and state of the art laser marking machine enables WMT to delivery a complete quality product.
